How to pack a Healthy Lunchbox

When packing a lunchbox for your child, you should feel confident that you’re providing them with a nutritious supply of food that will get them through the day with the energy they need to function.

Follow this rule to make packing a healthy lunchbox easy:
PACK THE CORE 4 (plus 1 for active and fast growing kids).

What are the CORE 4?

1. **Main lunch item** – a sandwich, roll, wrap or salad based on grains such as pasta, rice or quinoa.
2. **Nutritious snack** – choose a snack from the five food groups such as a cold chicken drumstick, crackers with cheese, veggie sticks and hommus, or yoghurt.
3. **Piece of fresh fruit** – whatever is in season.
4. **Drink** – always include a water bottle.

Add an additional small reduced fat milk drink (less than 300ml) or a 99% fruit juice drink (less than 200ml) once or twice a week.

**PLUS 1 additional snack**

Every child is different and depending on their activity level or rate of growth, they may need an additional snack in their lunchbox. If this is the case, we recommend choosing a fifth item from the five food groups first, such as those listed in lunchbox item number 2 (the nutritious snack). This will provide the extra nutrients some kids need.

**Occasionally...**

For variety and enjoyment it’s OK to include an occasional “extra” item in place of this fifth snack option. Extra foods include sweet biscuits, muesli bars, packets of chips, confectionary or dry noodle products. These kinds of items should not make a daily appearance in the lunchbox, but can be added once a week for variety and enjoyment and to teach balance.
**Main lunch**  |  **Nutritious snack**  |  **Fruit**  |  **Drink**  |  **Plus 1**
